## **SEVEN HILLS RESIDENT RECOGNIZED AS ONE OF THE MOST TREASURED VOLUNTEERS OF 2005**

**Cleveland (May 2006)**—Marilyn Kuczynski of Seven Hills, a volunteer at St. Augustine Health Campus, was recently recognized as one of the Most Treasured Volunteers, by the Center of Community Solutions. Since retiring from BP, she has devoted her life to serving others. Marilyn's volunteerism spans the Cleveland area and reaches people of all economic, racial and ethnic backgrounds. She bakes and cooks for parish programs, visits the homebound, offers transportation when needed, and works with the sick and elderly at St. Augustine Campus.

One special aspect of her work is the comfort and support she gives to the individuals within the Caritas Unit for HIV/AIDS at St. Augustine Health Campus. Marilyn provides these residents with friendship and supports their total well-being. She transports them to smoking cessation classes, to AIDS awareness programs and support groups, weekly massages and to various social and spiritual events. Her support of these younger residents helps in healing their often fragile self esteem and gives them courage and hope in dealing with their illness. She is also a resource for the families throughout the disease process and remains devoted to them in their time of grief, helping them to remain part of the larger support group at St. Augustine.

St. Augustine is proud to recognize Marilyn Kuczynski as she continually supports those in need with her time, talent and treasures.

### **About St. Augustine Health Campus**
