President's Message

People across the country felt the economic crunch of 2009 as businesses closed, homes went into foreclosure, jobs were lost.

We too, have felt the effects of the fractured economy through major cuts in funding from the State and increasing costs, however, we have not lost sight of our Mission to serve each individual with dignity, respect, and love.

If I had to choose a phrase to describe the past year, it would be "Excellence in Action." In spite of the uncertainty of the future, we have not wavered in our ability to provide quality care and services.

This is evidenced by the exceptional annual surveys across the Health Ministries. Through the strategic leadership of the Administration and the Board, we continue to grow, adding new services, providing a

renewed sense of purpose and building upon a proud history of serving the greater community with this Healing Ministry. Our staff has been extremely mindful of our resources, and have responded with initiative and flexibility.

Together our Board, staff, volunteers, residents and friends show excellence in action by the way they care for the most vulnerable, for the compassion they show, for going the extra mile and fighting the fight for those who are often forgotten or who cannot speak for themselves.

St. Augustine At Home

In February, St. Augustine began accepting patients for our new Home Health Care Agency under the direction of Diane Hovan. This expansion offers individuals, 21 and over, the same excellence in care and individualized attention that St. Augustine is known for, in the comfort of their home.

St. Augustine *Home Health Care* provides Medicare services, under a physician's order, such as skilled nursing care, physical, occupational and speech therapy, home health aides and medical social workers. St. Augustine *Care at Home* provides non-medical services for personal care and private duty to those who want to remain in their home.

By offering a comprehensive selection of services ranging from Home Health Care through end of life care — all within the same system — patients receive an enhanced continuity of services through the personal knowledge and relationships between you, your family and your health care team.

Setting a Higher Standard

A fundamental measure of our society and our faith is how we care *for* and stand *with* the poor and vulnerable. Poor does not only refer to financial, but for many it may be poor in health, faith, hope or in spirit.

As a faith-based organization, we at St. Augustine know that we must follow a higher standard — treating each individual with love and compassion — doing the right thing because it's the right thing to do — beyond regulations, beyond the bottom line, beyond receiving recognition. When we serve as God calls us to serve all else falls into place.

We are blessed with a dedicated team of staff, volunteers and donors who in addition to offering the highest quality of care, are sensitive to the material, psychological and spiritual needs of others and are willing to make sacrifices to help meet those needs.

In addition to taking an active role as advocates for the chronically ill and elderly, they are committed to innovative approaches which bring life and hope to others and they humbly and quietly give their time, talent and treasure — all working together to make everyday miracles happen.

Human Resource Director:	Beth Mullen
Director of Nursing:	Colleen Wilson
Director of Marketing, Development and Public Relations:	Dana Carns

The nursing care to our beloved friend, Mary Jean Donahue, was exemplary; full of competence and compassion. The staff is a credit and striking asset to the St. Augustine Health Campus family. They displayed dedicated, competent, skillful nursing care each day in the work they do and their verbal communication. We enjoyed their sense of humor, wise insights into the dying process and responsiveness to our concerns. Warmest regards and God's abundant blessings to you.

—Susan Chambers

Colleen Wilson, Director of Nursing, is always ready to share a cup of fresh coffee.

Celebrating the perfect survey!

Recognized for Excellence

The Health Ministries staff goes above and beyond meeting government standards. They work extremely hard every day to fulfill our mission, to do everyday tasks with the same love and compassion they would provide for their own family. It is their loving care that truly makes a difference in the lives of those they serve.

This hard work and dedication of our staff was recognized by the Ohio Department of Health during their annual unannounced inspections at the Towers, the Manor and at Holy Family Home & Hospice. Each received a "perfect" survey.

"Less than 10% of all surveys result in a perfect score," states Patrick Gareau, President/CEO and Administrator. "I am proud of the entire staff for this accomplishment." At the Manor, this inspection measures over 372 regulatory standards in health and fire safety. Tangy Thompson, a nursing assistant says, "When you work hard all year and the State comes through and recognizes that hard work, it is an overwhelming good feeling that makes everything you do worth it."

Throughout the Health Ministries, our goal is not to just meet the standards set by the State. Our goal is to live our Mission in all that we do — to provide Quality Care — to Celebrate Life — to be an example of Christ's love to one another by the way we treat one another.

Colleen Wilson, Director of Nursing, was honored by AOPHA, the advocate of not-for-profit services for older Ohioans, with the **Excellence in Leadership/Direct Care Award**.

Colleen leads more than 250 employees in one of the largest departments in one of the largest nonprofit nursing facilities in the state that consistently produces resident and survey outcomes beyond expectation. She is renowned within St. Augustine for her willingness to tackle any project, whether

covering a shift or simply grabbing a vacuum to clean a floor. Colleen also has an open door policy for employees and residents alike, often dispensing advice or lending a sympathetic ear over a cup of coffee. The Resident Camping Trips at St. Augustine received **The Excellence in Service (Best Practice) Award** given for displaying outstanding initiative, motivation and leadership in quality skilled nursing services.

"Providing daily quality care and housing for residents, many with varying levels of disabilities, is a challenge," said AOPHA's Phil Braisted. "Providing for an out-of-the-ordinary experience with a camping trip requiring massive planning and detail in meeting the special needs of all participating residents is truly a testament to the dedicated, mission-driven staff and supporters of St. Augustine Health Campus."

Patrick Gareau, President/CEO serves on the AOPHA Board of Directors, chairing the Membership Recruitment and Retention Committee and serving on the Public Policy Committee which sets legislative and regulatory priorities.

"Due to decreasing public and private funding, it is critical that we create new pathways in providing necessary health care and housing for those most in need," Patrick said. "In spite of many challenges facing not-for-profit providers of senior services, there are tremendous opportunities for us to innovatively meet the needs of one of our most vulnerable populations."

While you were out ... St. Augustine Style!

Great things are accomplished when it doesn't matter who gets the credit. At St. Augustine, just as in any family, when there is a job to be done everyone pitches in!

When the need for private rooms became evident for our rehab/short-term residents, a little updating was needed on the transitional care unit. Since the maintenance staff was working on some major renovations at the time, staff from all departments stepped up to help. They emptied rooms, painted

walls, scrubbed baseboards, hung pictures and rearranged furniture so that the new private rooms were ready in no time. Many staff would come in on their day off to help.

There were no meetings or assignments on what to do and who does what. The need for help was made know and people showed up. It was fun. All staff members enjoyed a sense of pride and accomplishment working together to improve our home.

Meet Angie: When St. Augustine first opened in 1969 they used Boy Scouts as volunteers and they needed someone to keep them in line. That someone was me. I have worked with children all my life. I was a school crossing guard for 37 years, a den mother at an orphanage and a Girl Scout leader for five years.

For the past 40 years, I have continued to volunteer at St. Augustine. I've made pins for every holiday for years now and distributed them to residents at the Manor and at the senior centers in the area. I am also a member of the "Holy Rollers." We come to Mass at the Manor on Sunday's and bring residents to and from Mass.

I moved into our assisted living apartments after a short stay in our Rehab. Although hesitant about giving up my own home, I have found that life has much more to offer when surrounded by loving friends who become family, a variety of activities and I can still be a part of this wonderful place which has been such an important part of my life.

Eighty-eight employees from St. Augustine Health Campus and Holy Family Home were recognized for service milestones ranging from five to thirty years at a recognition dinner held on the Campus. Employees who were chosen by their peers to receive **Employee of the Year** awards:

From left to right: Scott Yoders, Assisted Living; Shelly Yoders, Housekeeping; Ron Bozek, Holy Family; Shauntel Johnson, Nursing

Joan DeCosta and John Golias (shown with President Patrick Gareau on left) were honored for 30 years of service.

Dr. Hazem Nouraldin, M.D., has joined the Team at St. Augustine in his role as Medical Director. Dr. Nouraldin has privileges at Lutheran, Lakewood, Fairview, and St. John West Shore hospitals. He also maintains a large case load on our Campus. Dr. Nouraldin is Board certified in the practice of Internal Medicine and Geriatric Medicine.

St. Augustine Health Campus is proud to employ 435 employees and has an 82% retention rate.

Our incredible volunteer corps gives generously to help make residents feel cared about, in addition to being cared for. Some come in every day, others come once a week or even once a month. The time they give is priceless because they provide the extra special touches of talent and energy that make programs happen.

More than 150 volunteers devoted over **15,000 hours** to St. Augustine Health Campus and were honored by staff and residents at a special dinner held on the Campus.

Mojo Segal received the Volunteer of the Year award. Mojo, whose mother-in-law resides in the Assisted Living, leads tai chi groups three times a week for residents as well as has formed a resident choir.

Alice Ciotta, Margy Brewer and Ray Ellis were also recognized with special awards for their ongoing commitment to the residents and the needs of the entire Campus family.

Many schools and community groups brought love and much needed assistance to our Campus. Some of these included, Single Volunteers, AARP, Catholic Charities Associate Board, Key Bank, Wellpoint, City Year City Serve, Baldwin-Wallace College, John Carroll University and R.S.V.P.

The Coterie of St. Augustine's Annual Spring Luncheon was held at Westwood Country Club. The Coterie (the womens' auxiliary) enhances all aspects of life at St. Augustine by giving of their time, talent and treasure

Posing for the camera, these staff members represent more than 127 years of experience in Nursing.

Congrats to Peaches Thompson, Laura Haring, Cherie Moore, Brenda Triplett and Rima Abusada. They were recognized by The Advocates of Not-For-Profit Services For Older Ohioans (AOPHA) for being STARS in the Cleveland Area for their contributions to aging services.

Everyone Makes a Difference . . .

Over the years, helping those in need has become second nature to the employees in the St. Augustine Family. When the State budget cut funding that would have an effect on the bottom line, employees began organizing fundraising events such as candy sales and bus trips. These, along with publishing favorite recipes in a St. Augustine cookbook brought in over \$8,000 for resident needs.

Employees contributed over \$10,000 to the St. Augustine Annual Fund in 2009. Employees also made donations to Providence House, March of Dimes, Ohio Special Olympics, Cleveland Food Bank, and the Hattie Loralham Foundation.

The Northern Ohio Coalition Inc. arrived just in time for Christmas to deliver a 32" flat screen TV to the Residents of the Caritas Unit for one of their living room areas.

The Angels on the Avenue presented a \$22,182.80 check to Colleen Wilson, Director of Nursing, which will be used to renovate a resident shower room into a "Resident Spa." This group

of volunteers has raised money through various events such as Trash & Treasure Sales, holiday cookie sales, Happy Hours and other special events.

\$100,000 was raised at the **Top o'the Towers Benefit** to help cover the cost of vital equipment and services no longer covered by Medicaid due to the State budget cuts. Michael Crawley & Marys Lane provided great Irish Music for the benefit held at LaCentre while guests also honored the The Coterie of St. Augustine Manor.

Carol (Top o' the Towers Chair) and Charles Rini, Sr. pictured with Maddy and Dan Coughlin (auctioneer)

We are grateful to **Continental Airlines** for being a partner in caring at the Top o'the Towers Event.

Chryssa Thompson of **Enterprise Rent-a-Car** presented Mary Clark, Campus volunteer and employee of Enterprise, a check for St. Augustine to be used to help cover the cost of wheelchairs for residents who cannot afford them.

Residents with traumatic brain injury will soon benefit from a new sensory stimulation room thanks to a generous donation from an **anonymous donor**.

Child Enrichment Center

Building a Strong Foundation...

When the St. Augustine Child Enrichment Center opened in the Fall of 1999 it did so with the ability to serve 44 children. Throughout the past decade, we have expanded to meet the demand for Quality Early Childhood programs. The St. Augustine Child Enrichment Center recently completed its third expansion. We are now able to serve 102 children ages 3 months through a preschool head start program.

The Child Enrichment Center has benefited from several partnerships with outside organizations. The Beck Center for the Arts provides music therapy for the children. A partnership with Starting Point, Devereaux Foundation, and Beech Brook created a “Building Resiliency” program in which students, parents, and staff work on the child’s emotional and social health. The Child Enrichment Center also has partnerships with Applewood Centers, a youth counseling program and Help Me Grow, a program that provides health and developmental services for families with young children.

Part of the Child Enrichment Center’s mission is an early intervention process to help the children with any special needs they may have. Every student is assessed within the first 60 days to determine if the child has any physical, cognitive, communicative, social, or emotional disabilities or developmental delays. If any special needs are recognized in the assessment the Child Enrichment Center refers the child for special services.

The early intervention process has been a success for many students including one student who is about to enter kindergarten. She was assessed a couple years ago at the Child Enrichment Center. The assessment concluded that the student could benefit from special services. The Child Enrichment Center referred the student for special services and she was provided with a speech therapist and an itinerant teacher by the Cleveland Municipal School District. Recommendations from the speech therapist and itinerant teacher were implemented in to the child’s lesson plan by the teachers at the Child Enrichment Center. Now the child’s test scores have increased immensely; she is now testing at an advanced kindergarten level before she has even started kindergarten.

St. Augustine Child Enrichment Center Facts:

- 1/2 male, 1/2 female
- Currently serves children from Cuyahoga, Summit, and Medina counties
- 29 children are those of employees

Meet Ursula: Born in Germany in 1934, my family moved from place to place during the war and lived in refugee camps. Later we moved to Berlin where I studied technical drawing to become a draftsman.

In my early 20s I came to the U.S. and was unable to find a job as a draftsman because I needed computer skills which was difficult because of a handicap in my right arm. I became a house maid for upper class families in Cleveland.

I had a stroke 16 years ago and lost function of my left side (the good side). At St. Augustine I was encouraged to use my technical drawing skills for more artistic things and began to train my handicapped arm to do what my left couldn't. The staff enlarge photographs so I can see the detail and I draw and then paint pictures for people. I truly enjoy being able to do something for others.

Chris Sterben, RN, began making and selling fragrant soy candles he calls “*Hope Candles.*” “With the constant reductions in reimbursement in long-term care by the Federal government and especially the State of Ohio Medicaid program, I wanted to find some way to help. I thought what a candle means to me... it produces “Light” and where there is darkness, no matter how dark it gets, the candle will always shine bright. It is this light that offers “HOPE”.

I wanted the candles to reflect this and shine a light on St. Augustine Health Campus and the residents it serves. All proceeds from the sale of these candles directly benefits St. Augustine Health Campus.” These candles are available in Lavender, Madahari, Pure, Euphoric, Rain Sahari and Valeria scents and are available for sale at the Coterie Gift Shop or by calling 216-939-7602.

FINANCIAL REPORT

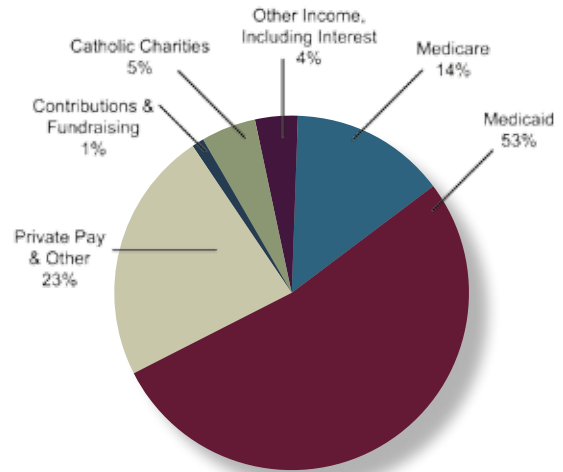

Operating Expenses

St. Augustine Manor provided more than \$1.8 million in 2009 in charitable inpatient care to the medically frail and elderly who otherwise might not have received care. St. Augustine is the largest employer in the Detroit Shoreway neighborhood, providing more than 400 jobs.

75% of residents served are on Medicaid. As Medicaid dollars continue to be cut (which represents over half of our annual revenue), we look to the generosity of donors, bequests, memorials, and corporate/foundation support to bridge the gap.

St. Augustine Financial Facts

Emulating Christ by serving those who lack the necessary resources to provide for themselves is what our Faith calls us to do. Working together makes the burden light as we continue to serve those in need. With the decrease in government reimbursements each year and the increasing costs of goods and services, your charitable and in-kind donations are more important than ever.

- Monthly Utilities for the Manor alone cost an average of \$78,000 per month (water, gas, electric & phone)
- Security costs average \$335,000 per year
- 75% of residents are Medicaid recipients
- Provided \$1.8 million in Charitable Care in 2009

I wanted you to know how much I appreciated the care and kindness my father (Frank) received while staying at St. Augustine Towers. Many times you and other staff went well above and beyond expectations.

It seems Frank is "rounding third and heading home," as the late Casey Coleman used to say. Hopefully my dad will continue to receive great care and kindness at his next stop. Please make my feelings known to all staff, especially the nurses and Anita, the former director who also was so very kind towards my dad.

*Sincerely,
Tom*

Why Choose St. Augustine Health Campus

In addition to caring for the aging, St. Augustine is a leader in serving individuals with complex and chronic illnesses and disabilities.
